We Grow The Best—
Discard The Rest

G. W. THACKER

Rockford, Michigan

Local Customers

The opening of a Flower and Garden Shop on Courtland Street next to the Post Office marks a new period of service to flower lovers of Rockford and vicinity. Not only will fresh cut flowers as well as potted plants be kept in stock the year around—but every garden service—bulbs for fall and spring planting—hardy plants—shrubs—in short—complete service for gardeners—will be my ideal. I most cordially invite you to stop at any time you are down town.

—GALE

Gale Says—

That this catalog is a decided variation from its predecessors is apparent at a glance. The discontinuation of a large number of gladiolus varieties, and the addition of various other lines of flowers is one of the results of my new location here at Rockford.

In an endeavor to have a succession of bloom, that glads alone cannot give, I have found that the various flowers in this list answer very nicely. Taken somewhat in the order they are found in this book, they provide quite a constant parade of color from April until heavy frosts when the dahlias finally cease.

It has not been an ideal summer for flowers. The heat with a lack of rainfall has hurt the blooms considerably, but by judicious irrigation I have kept them growing nicely. In spite of burned tips, etc., in this locality, I have never attended so many shows where the quality was so fine. From the first of August when I saw the Illinois show at Mattoon, all through the month at Marion Indiana, at that supreme show of shows at Cleveland, up to last week when growers from all over Michigan turned out to give a splendid rainbow of color in Kalamazoo, I've been doing my best to observe and to get an idea of what were the coming new things. Acting at these places, as judge certainly should give one insight on the various varieties, and it's mighty interesting to note that the old favorites—varieties that have been on the market from five to ten years or even longer, often give the newest a great run. And yet, it is in the new that the greatest excitement lies. So I try to keep up on the BEST of the newer things—all the while in an endeavor to list only those which are worthy of such listing.

TERMS, etc.

are the same this year as in the past. My old customers know that I give good value. And the gratifying part of it is that they come back year after year. And to you who have never bought, may I say that I ask only a trial order.

SHIPMENT:

All the spring flowering bulbs are ready for shipment at once. Peonies and irises are best planted as soon as possible, also. Perennials differ somewhat, but most of them can go forward at most any time, from now on. Gladiolus bulbs are generally ready for shipment by November 20th, or a little later. We ship from then until December 15th, trying to get the fall orders out of the way before the Christmas rush. All later orders are carried until the latter part of February unless requested before. I guarantee safe delivery anywhere in this country. Dahlias are best not divided until March, so they are not priced herein. April shipment is quite ideal.

Bulbs for Fall Planting

TULIPS

Without doubt, the most popular spring flowering bulb. Coming in many types, their range of color and season of bloom is surpassed by very few flowers. For out-of-door bloom, plant anytime from now until the ground is frozen. Good rich, but well drained soil is essential for the best of bloom. Now that tulip shows are becoming the thing we endeavor to get the soil in the very best condition possible. Some bone meal, well rotted stable manure or a good balanced commercial fertilizer, well worked into the soil will be of much value in obtaining the tall strong stems that we so covet, next May. Plant four or five inches deep and about the same distance apart.

For indoor culture plant two bulbs in a four-inch pot, or a half dozen or more in a larger dish. Set the bulbs with the tip just below the surface of the soil, being careful not to pack it beneath the bulbs as it tends to obstruct the root development and heave the bulb. Water thoroughly, and set in the dark for six weeks or so. Be sure they do not dry out while in the dark. They really aren't difficult to bring into bloom from the first of February on. Best not to try them too early.

BREEDER TULIPS

To many, this is the most attractive type of tulip. I must confess that I find them, in their rich and sombre tones, to be the most beautiful. Planted in groups, alternated with the various brighter colored Darwins, they are most beautiful, as the blooming seasons are similar. They are not particularly adapted to forcing. Otherwise, their culture is similar to that of Darwins.

BACCHUS. Dark violet blue, exceptionally large egg-shaped flower, with very strong stem. 33 inches	1.25	9.00

COTTAGE OR MAY-FLOWERING TULIPS

One might call this type a refine Darwin. For many of the softer shades not found in the Darwins, may be found in the Cottage types. Long pointed petals, often turned back, characterize this type. They bloom a few days later than the Darwins, thus prolonging the tulip season.

AMBROSIA. This is one of the most beautiful of all tulips. Soft salmon with orange glow with slight lilac cast, is a rather poor description of this variety but it may give a vague idea of the beauty. strong stems. 25 inches	Each 20c..	1.75	12.00
GESNERIANA LUTEA A bold flower of canary yellow. Well formed blooms on tall stems sweetly scented, height 24 inches.75	5.00

JOHN RUSKIN. Most beautiful color combination. Salmon-rose shaded darker, edged pale yellow. 20 inches75	5.00
MOONLIGHT. Soft pale yellow, long pointed petals. A superb variety. 22 inches.85	6.00
MRS. MOON. The finest late yellow tulip in existence. Distinctly perfumed. Pointed and reflexed petals. 25 inches	1.00	7.00
PICOTEE. (Malden's Blush.) White bordered and tipped rosy pink Long recurving petals. Most popular pink and white tulip. 18 inches.60	4.00
SARAH BERNHARDT. Beautiful combination of rainbow colors. Globular shaped flower on strong stems. 18 inches	1.00	7.00
THE FAWN. Large egg-shaped flowers of a grayish fawn or dove color, blended with lavender. Very lovely and highly recommended. 22 inches.75	5.00
VIRIDIFLORA PRAECOX. Beautiful large wide open flowers with pointed petals of a soft pale green, with cream yellow edges. Looks like a green lily. Very outstanding. 20 inches. Each \$1.00		10.00

TRIUMPH TULIPS

A glorious new strain of tulips, a cross between the Darwins and the Single early varieties. Wonderful substance, which enables them to last ten days longer than other kinds. They bloom a week to two weeks earlier than the Darwins and Breeders, and the colors are exquisite combinations of the various types. By all means try a few.

ASTORIA. Beautiful creamy pink.	1.25	8.00
BUFFALO. Red, purple inside; large pointed flower.	1.25	8.00
LORD CARNARVON. Clear light pink, edged white. A large pointed flower of elegant shape. Very fine indeed.	1.25	8.00
MISSISSIPPI. Bright scarlet-red.	1.25	8.00
OHIO. Soft carmine red, shaded violet purple.	1.25	8.00
POLLUX. Rich purple violet. A beautifully shaped flower carried on a string stem.	1.25	8.00

TRUCANA. Bright orange red tall well shaped flowers	1.25	8.00
MIXED COLORS of the above named varieties.	1.25	8.00

SINGLE EARLY TULIPS

The very first to bloom, and the uniformity of their growth makes them very desirable for bedding.

	Doz.	100
CRAMOISI BRILLIANT. Rich bright red, fine bedder 12 inches.60	4.00
KEIZERKROON. Red with yellow border, very large flower and one of the most popular early tulips. 16 inches	1.00	7.00
MON TRESOR. Pure golden yellow one of the best in the color. Large, slightly scented	1.00	7.00
PRINCE OF AUSTRIA. Rich orange scarlet. Popular bedding variety. 15 inches.75	5.00
ROSE GRIS-DE-LIN. Delicate light pink. Beautifull 11 inches.75	5.00

DOUBLE EARLY TULIPS

Slightly later than the singles; longer lasting. Excellent for growing in pots, and a fine show in the garden.

CURRONE D'OR. Deep yellow flushed orange. 13 inches.85	6.00

HYACINTHS

A description of these lovely fragrant blooms, is unnecessary. Especially for bringing into bloom during the winter months, are they loved. If planted out of doors where they are among the earliest of all flowers to bloom, five inches in light soil or slightly less in heavy, is about right. Give slight protection, especially the first winter. Indoors, the culture is similar to that given for tulips. The rooting period is perhaps the most important.

L'INNOCENCE, pure white
LORD BALFOUR, Lilac rose, tinged violet.
QUEEN OF THE BLUE, light blue.

CROCUS

Almost the earliest of all flowers to bloom, they are lovely in masses of single colors, or they may be sprinkled over the lawn and planted a couple inches deep in the turf. They are very desirable also for forcing. We offer Mammoth bulbs in all varieties.

PAPER WHITE NARCISSUS

(American grown)

For planting indoors only. Very fragrant clusters of bloom on tall stems. May be grown either in water or soil. Generally placed in a shallow dish with sufficient pebbles to hold the bulbs in place. Start them at intervals of a few weeks, and enjoy them all winter. Do not confuse these bulbs with the cheap stock offered variously at bargain prices. **Dozen \$.75 Per 100, \$5.00.**

THE WONDER BULBS

Most unusual. The flowers resemble a crocus bloom. Simply place the bulbs somewhere in the light—in the window, on the table or wherever is convenient, and without soil or water, the blooms unfold.

ZONATUS. Large flowers of a beautiful lavender color. **Each 7c. Dozen 75c.**

SPECIOSUS. Large flowers of a deep blue color. Lovely. Same price.

LILIES

“Consider the lilies of the field; they toil not, neither do they spin. Yet Solomon in all his glory was not arrayed like one of these.”

CANDIDUM. Generally conceded to be the lily mentioned above. Glorious waxy white blooms on tall stately stalks. The earliest out of door lily and there are none more beautiful. Delightfully fragrant. Plant as early as possible, covering not more than four inches deep. Lay bulbs on their sides, and surround with sand. Extremely effective in combination with delphinium. My bulbs are locally grown, and are plump and vigorous. Mammoth bulbs, **Each 35c; Dozen \$3.50.** Medium sizes, **Each 20c; Dozen \$2.00.** The first orders will receive the largest bulbs.

REGAL. A new very hardy lily from China. No flower of recent introduction has become so quickly popular. Large trumpet shaped flower of white, with gold center. Outside of petals are pink. Plant this lily six inches or more beneath the surface, and lay the bulbs on their sides. The only danger of freezing is in the early spring. Frosts are apt to damage the buds. Good blooming size bulbs. **Each 35c. Dozen \$3.50.**

IRIS

There are few more satisfactory flowers than the iris. At blooming time, which lasts over a long season, there is nothing lovelier either in the garden or for cutting. The foliage is attractive throughout the season, and it requires little attention after the blooming period is over. Plant now.

AFTERGLOW. Lovely blue grey, flushed with gold. Well merits its name. **2 for 25c. Dozen \$1.25.**

AMBASSADEUR. Violet with velvety maroon falls. The iris by which others are judged. **2 for 25c. Dozen \$1.25.**

ANN FARR. Exquisite white, with blue border. Much larger and more lovely than Mme. Chereau. **Each 25c. Five for \$1.00.**

BALLERINE. Huge flowers of light blue with deeper falls. Fragrant. Each 25c. Dozen \$1.25.

DREAM. One of the loveliest near-pinks. Crinkled petals. 2 for 25c. Dozen \$1.25

E. G. SMITH. Good blue with darker falls. Prolific. 3 for 25c. 15 for \$1.00.

FAIRY. Not a new one but one of the loveliest. White, very fragrant, with just enough blue to enhance it. Tall slender stalks. Free bloomer. 3 for 25c. 15 for \$1.00.

FRYER'S GLORY. Dusky gold standards with dark falls. Very rich. 3 for 25c. 15 for \$1.00

HER MAJESTY. The earliest 'pink' iris. Rather dwarf, free blooming, and good lilac pink color. Bright. 3 for 25c. 15 for \$1.00.

IRIS KING. On the order of Fryer's Glory, but brighter. 3 for 25c. 15 for \$1.00.

LENT A. WILLIAMSON. Lavender violet, with deeper falls. Very large flowers on moderately tall stems. Popular. 2 for 25c. Dozen \$1.00.

LORD OF JUNE. Lavender and violet blue. Very large and fine. Each 25c. Dozen \$1.25.

MME CHEREAU. White with blue edge. An old variety, but much loved. 3 for 25c. 15 for \$1.00.

MOTHER OF PEARL. Lovely shades of mother of pearl. Almost iridescent in quality. Free blooming. 2 for 25c. Dozen \$1.25.

PERFECTION. A very free blooming blue. 3 for 25c. 15 for \$1.00.

PROSPER LAUGIER. Dusky shades of crimson and bronze. 3 for 25c. 15 for \$1.00.

QUAKER LADY. Grey lavender flushed gold. One of the most refined, and every one says 'Isn't it well named!' 3 for 25c. 15 for \$1.00

QUEEN CATERINA. Very fine pale lavender. Large and tall. Each 25c. 5 for \$1.00.

RHEIN NIXE. White with purple falls. Tall and free flowering. One of the really good iris for every purpose. 3 for 25c. 15 for \$1.00

SEMINOLE. The red iris. Approaches this color as nearly as any of the moderate priced ones. 25c. each 5 for \$1.00.

SHERWIN WRIGHT. Rich yellow. Neither large or tall, but the best low priced yellow. 3 for 25c. 15 for \$1.00.

SOUV. DE MME GAUDICHAU. Very rich velvety purple. Not so free flowering as some, but well worth waiting for. Each 25c. 5 for \$1.00.

SPECIAL

A Bakers' Dozen of Good Ones.

Three each of Afterglow, E. G. Smith, Fairy, Fryer's Glory, Her Majesty, Iris King, L. A. Williamson, Mother of Pearl, Perfection, Prosper Laugier, Quaker Lady, Rhein Nixe, and Sherwin Wright, 39 Rhizomes in all for \$2.75, prepaid.

PEONIES

Words need not be written about the beauty of peonies. The grandest of June flowers, they are hardy as oaks, and with a little care in planting, particularly stressing the need for shallow covering, they will live for years, undisturbed. We offer a short list, but every one is a beauty. Prices are for good 3-eye vision.

FESTIVA MAXIMA. The old reliable white. Peonies may come, and then they go, but Festiva goes on—seemingly, forever. Pure white with a carmine mark in the center. Each 50c.

KARL ROSENFELD. Rapidly becoming a leading commercial red. Quickly increases to a fine clump, and is a very reliable bloomer. Each 75c.

LADY ALEXANDRA DUFF. Most beautiful pink, shading to white. Laterals on this variety are very prominent. Each \$1.50.

MONS. JULES ELIE. Immense silvery pink. One of the grandest of all peonies. Quite early. One variety which everyone should have. Each 75c.

OFFINALIS RUBRA. The old fashioned red 'piney' which blooms so early. Each 75c.

SOLENGE. Most exquisite color. Light shades of tan and Havana brown. Altogether lovely. Late, ugly roots and buds, but the flower is well worth waiting for. Each \$2.00.

THERESE. The most beautiful pink peony. Medium height with very large flowers of the loveliest shade imaginable. Each \$1.50.

TOURANGELLE. This is my favorite of all peonies. Perfect in form and the color is the most exquisite cream, deepening toward the center. Quite tall graceful stems. Each \$2.00.

MISCELLANEOUS PERENNIALS

Prices are for strong divisions of good healthy roots. Except where noted, the price is as follows: Single divisions, 20c. each. Three for 50c. Dozen \$1.50.

ACHILLEA. Perry's White. Much better than the old Pearl. Very white, and a nice filler for bouquets.

ANCHUSA. ITALICA. Lovely blue flowers during early summer. Plant in the background. Very vigorous.

ANTHEMIS TINCTORIA. Golden Marguerite. Finely cut foliage, and splendid flowers for cutting. Easily grown.

AQUILEGIA. Mrs. Scott Elliott's Long Spurred hybrids. Pink, yellow and lovely white shades predominate. One of the most graceful and lovely of all flowers. Strong clumps, 30c. each; 3 for 75c.

BOLTONIA. Asteroides. Small flowers produced in profusion in September. Very valuable on account of the season of bloom.

CAMPANULA PERSICIFOLIA. Splendid variety in assorted colors of blue and white. More refined than biennial Canterbury Bells, and blooms over a long period. 30c each; 3 for 75c.

COREOPSIS. Lovely yellow blooms. One of the bright spots in the garden.

DELPHINIUM, BELLADONNA. Light blue flowers on slender spikes. Beautiful for cutting, and lovely in the garden.

WREXHAM. This is the famous hollyhock strain which has been so well worth the efforts required to bring the tall tapering spires to perfection. Exquisite shades of lavender, blue and violet, some verging closely on the pink. Each 35c. Three for \$1.00

GILLARDIA. Another free bloomer. Red and yellow flowers throughout the summer if the seed is kept picked off.

LUPINE, Polyphullus mixed. Lovely spikes of pea-like flowers in blue, pink and white.

POPPY ORIENTAL. This is the flaming orange variety seen in so many gardens early in June. There is no brighter flower. 'Tis glorious indeed.

BEAUTY OF LIVERMORE. Dark crimson with black blotch. A welcome relief from the orange, and very outstanding in stem and size. Each 50c; Three for \$1.25.

MRS. PERRY. The best salmon pink poppy. Each 50c; Three for \$1.25.

PYRETHRUM. (Painted Daisies). A most lovely early flower, blooming in May or early June. Many colors in shades of pink and red.

SCOBIOSA CAUCASICA. Lovely shades of blue and lavender. They remain in bloom all summer, if kept cut and are most valuable for bouquets. A most worthy new perennial, and one which is not nearly as well known as it should be. Each 30c. Three for 75c.

SHASTA DAISY. Alaska. Very worth while cut flower. Large white daisies throughout June into July.

The Gladiolus

The Cut Flower Supreme

When the tulips come we think they are grand; the iris are delicately lovely; the peony in grandeur is hard to surpass. Tapering spires of delphinium make us think a bit of the blue, blue sky has come to earth, and the fragrance and perfection of the roses cause them, the first spike of the gladiolus opens, I find myself stirred with a greater thrill than any other flower can bring. Perchance it is but Halley, or some equally old variety; probably it is far from being supreme spike among glads. No matter. The thrill lingers on as I view the parade.

I claim Gloriana a favorite until Mrs. P. W. Sisson blooms. And when Jenny Lind opens six or more florets, I vow nothing can be more lovely. The ethereal beauty of The finest spike of white I ever saw—Jonkheer Van Tets—nearly took my breath away. And on so far—I cannot claim one variety as favorite.

I did not have so many new things this year. I've not seen many domestic varieties of 1931 origination that I felt I should have, with the exception of a few scattering ones such as Bagdad and a very few others. Red Pirate from Gelsner looked very good. Among older varieties, the ones mentioned above; a number of Crow's; Gelsner's newer things; Sabach's; and of course a number from Mair, Pfitzer and Australia have been mighty fine.

There are so many varieties dropped from this list that it scarcely seems complete. Various reasons are there for their absence. Short spikes; poor growth; ill-propagation; and the one greatest reason is that so many varieties are not sufficiently distinct and worthy to merit even a name. I believe that every glad listed herein is worthy of a place in my garden—and yours!

Sizes:

Large bulbs are $1\frac{1}{4}$ inches and over in diameter. Medium, $\frac{3}{4}$ inches and over. Small, less than $\frac{3}{4}$ inches. Plant large and medium sizes for blooms. Small ones are good for

propagation. I do not recommend bulblets UNLESS you are experienced in growing them. Only a fair percentage germinate and two years are required for their bloom. However, I endeavor to send out good sized ones, for the variety, and you should be reasonably successful with them.

LARGE FLOWERS DOMESTIC TYPE

A. E. KUNDRED. (K) Very good salmon with darker blotch—late—good propagator. (L3 for 25c. Doz. 85c.) (M-5 for 25c Doz. 50c.) (S-Doz. 25c.).

ALICE REID. (Gelsner) Beautiful clear pink on good spike. Early and a good propagator. (L-Each 25c, Doz. \$2.50) (M-2 for 25c, Doz. \$1.25) (S-Doz. 75c.).

AMBROSIA. (K) Rich old rose with yellow blotch. Different and good. A fair propagator. (L-Each \$1.00) (M-each 50c) (S-each 25c) (Bulblets-Doz. 75c.).

ANGELIA. (Parkeman) I like this one. From all appearances an excellent commercial white—cream throat. Excellent propagator. (L-2 for 25c, Doz. \$1.25) (M-3 for 25c, Doz. 75c) (S-Doz. 50c.).

ANGEL'S DREAM. (Ellis) Very lovely rich salmon. Needs good care. Excellent propagator. (L-each 40c, 3 for \$1.00) (M-each 25c., Doz. \$2.50) (S-2 for 25c, Doz. \$1.25) (Bulblets-12 for 25c.).

ANTIONE. (K) Very rich yellow—early. Good propagator. (L-each 40c, 3 for \$1.00) (M-each 25c., Doz. \$2.50) (S-2 for 25c, Doz. \$1.25) (Bulblets-12 for 25c.).

BEAUTY QUEEN. (Neeley) Lovely salmon rose. Fair grower and variable, but glorious when it comes well. Moderate propagator. (L-each 50c) (M-each 30c, 3 for 75c) (S-each 20c, 5 for \$1.00) (Bulblets 20 for 25c.).

BEAUTY WAVE. (K) Lovely clear yellow with brushed throat of deeper color. Good propagator. (L-Each 25c) (M-2 for 25c) (Bulblets-15 for 25c).

BENGAL BEAUTY. (K) Richer than Bengal Tiger—taller and better. Fair propagator. (L-Each 75c) (M-Each 50c) (Bulblets-Dozen 40c).

BETTY LUCILE. (Kinyon) Soft LaFrance Pink. Needs good culture, but well worth it. Fair propagator. (L-Each 50c, 3 for \$1.25) (M-Each 35c, Doz. \$3.00) (S-2 for 25c, Doz. \$1.25).

BETTY NUTHALL. (Salbach) Coral with golden blend—tall—strong and healthy. Glorious. Excellent propagator. (L-Each 25c, Doz. \$2.25) (M-2 for 25c, Doz. \$1.00) (S-Doz. 50c).

BLENN. (Bales) Strong heavily ruffled bloom. Dark throat. Large bulblets, but few. (L-Each 5.00) (M-Each \$2.50) (Bulblets-Doz. \$4.00).

BON ECHO. (Bonsteel) Early creamy pink. Suggestion of Mrs. Sisson. Excellent propagator. (L-3 for 25c, Doz. 85c) (M-Doz. 50c) (S-Doz. 25c).

BRIGHT WINGS. (Neeley) Huge winged florets of beautiful orchid. Lovely. Very prolific. (L-Each \$2.00) (M-Each \$1.25) (S-Each 50c) (Bulblets Doz. \$1.00).

CAPTAIN COURAGEOUS. (Eills) Rich crimson mottled darker. Some seasons this is the best red. Variable and a moderate propagator. (L-Sach 75c) (M-Each 50c) (Bulblets-Doz. 50c).

CARDINAL PRINCE. (K) Very good cardinal red. Quite early. (L-3 for 25c, Doz. 85c) (M-Doz. 50c) (S-Doz. 25c).

CATHERINE COLEMAN. (Coleman) One of the finest salmon pinks. Tall and beautiful. Slow propagator. (L-3 for 25c, Doz. 85c) (M-Doz. 50c).

CORAL LUSTRE. (McKibben) Very tall slender spike. Good size florets. Good propagator and apparently a good commercial variety. (L-Each 25c, Doz. \$2.50) (M-2 for 25c, Doz. \$1.25) (S-Doz. 50c).

CORONADO. (Briggs) Truly an exhibition variety. Good height. Very large florets. White with large blotch. Beautiful, but a slow propagator. (L-Each 40c) (Bulblets-Doz 30c).

DIRECTOR. (Crow) A very beautiful lavender mauve with darker blotches. Tall—large—early and very fine. Outstanding. Fair propagator. (Good young bulbs, 1 inch over \$2.50 each) (Bulblets-\$2.00 dozen).

DR. BENNETT. (B) One of the "must haves" Glorious for every purpose. Bright scarlet on tall straight spike. Fairly good propagator. L-5 for 25c, Doz. 55c) (M- Doz. 30c).

DR. MOODY. (Kinyon) A very lavender—Clear medium color. Strong, vigorous and early. Splendid propagator. (L-2 for 25c, Doz. \$1.25) (M- Doz. 60c) (S-Doz. 35c).

EARLY PHIPPS. (Eills) Some have found this variety to crook badly, but with me this season it was superb. Very early—tall with many open florets; it seemed to merit a high place with us all. (L-Each 25c, Doz. \$2.50) (M-2 for 25c, Doz \$1.25) (S- Doz. 75c).

EXCELLENCE. (K) Very bright scarlet. One of the brightest of reds. (L-Each 20c, Doz. \$2.00) (M-2 for 25c, Doz. \$1.25) (Bulblets-40 for 25c).

FLOR- Rico. (Gelser) Excellent ruffled purple. Large floret and good spike. Splendid form. Should make fine florist's variety. Fair propagator. (L-Each 60c) (M-Each .40c) (Bulblets-Doz. 50c).

GENERAL CANBY. (Eills) Red with very unusual clear yellow throat. Very beautiful, tho it doesn't sound like it. I like it very much. Fair propagator. (L-Each 50c) (M-Each 30c) (Bulblets, Doz. 30c).

GLADDIE GIRL. (Bill) Bittersweet yellow with clear throat. Good spike. Originator says it is an improved Gladdie Boy. Fair propagator. (L-Each \$10.00) (Bulblets-Each \$1.00)

GLORIANA. (Betscher) Loveliest color—pure golden salmon with yellow throat. A variety everyone loves. As a basket flower it is supreme. Excellent propagator. (L-5 for 25c, Doz. 55c) (M-Doz. 30c).

GOLD EAGLE. (Austin) A great early yellow. I appreciated this variety more than ever before this year. Certainly a fine propagator. (L-4 for 25c. Doz. 65c) (M-Doz. 40c) (S-Doz. 20c).

GOLDEN DREAM. (Groff) Splendid companion variety for the above. Late—tall and vigorous. Beautiful color and popular cut flower. (L-4 for 25c. Doz. 65c) (M-Doz. 40c) (S-Doz. 20c).

GOLDFINCH. (Crow) Even deeper than the above mentioned variety. Earlier, more hooded. A very fine yellow that does exceptionally well, from small bulbs. Should be a good commercial tho I doubt if it will be as reliable as Primate. Heavy multiplier. (L-each \$1.00) (M-each 50c. Doz. \$5.00) (S-Doz. \$3.00) (Bulblets 12 for 75c).

HELEN HOWARD. (Austin) Not a perfect variety by any means, but a good yellow and golden buff. Quite early. Prolific. (L-3 for 25c. Doz. 85c) (M-Doz. 50c) (S-Doz. 25c).

HERCULES. (Crow) One of Crow's best. "Buckskin" is the description that best fits the color. It is large, makes a tall spike, opens only 3 or 4 florets at a time, but is truly a splendid thing and should make a fine commercial. Fairly good propagator. (L-each \$25.00) (M-each \$15.00) (Bulblets each \$2.50).

INSPIRATION. (Palmer) Shrimp pink—most unusual form. Heavily ruffled and fluted. Very lovely. Moderate propagator. (L-each \$5.00).

JANET. (Crow) A lovely smoky shade. One of the very few smoky varieties that I personally care for. Prolific. (L-each 50c. Doz. \$5.00) (M-each 35c. Doz. \$3.50) (Bulblets 12 for 25c).

JANICE. (Carpenter) Unusual plum lavender —If there is such a color. Very attractive. Quite early. Good propagator. (L-each 50c) (M-each 25c) (Bulblets Doz. 30c).

JENNIE LIND. (Decorah) Tall strain. I was fortunate in being the person to discover that there were two distinct strains of this variety. One of the best glads grown. Isn't that enough? (L-4 for 20c. Doz. 50c) (M-Doz. 30c).

J. H. MacFARLAND. (K) Buff and yellow. Very good. Bright clear color. Better than Helen Howard. Fair propagator. (L-each 75c) (M-each 50c) (Bulblets Doz. 75c).

JUBILEE. (Kemp) Huge lavender. Fine exhibition spike. Good propagator. (M-each 50c) (S-each 25c. Doz. \$2.25) (Bulblets 12 for 50c).

KATINKA. (Bill) White—ruffled—with blotch. Very dainty. (L-each 50c) (M-each 25c) (Bulblets Doz. 30c).

LADY MACBETH. (Ellis) Fine red. Six or more open. Light throat. Good propagator. (L-each 20c. Doz. \$2.00) (M-2 for 25c. Doz. \$1.25) (S-Doz. 50c).

LA FRANCE. (Pety) Color of Coryphee, but generally straight. Fair propagator. (L-each \$4.00) (M-each \$2.00) (Bulblets 12 for \$2.50).

LA PALOMA. (Dusinberre) Fine orange. Excellent cut flower. Very vivid color. Some times crooks. Prolific. (L-each 50c. Doz. \$5.00) (M-25c each. Doz. \$2.50) (S-2 for 25c. Doz. \$1.25) (Bulblets Doz. 25c).

LAVENDER BRIDE. (Bride) Smoky lavender. Very beautiful. (L-2 for 25c. Doz. \$1.25) (M-3 for 25c. Doz. 75c) (Bulblets 25 for 25c).

LILLIAN GISH. (Diener) White. Late. Many open florets. Beautiful. (L-each 50c) (M-each 25c) (Bulblets Doz. 25c).

LONGFELLOW. (Decorah) Splendid pink. Tall and fine. (L-5 for 25c. Doz. 55c) (M-Doz. 35c).

LORRAINE BUDGE. (Kinyon) Tall clear pink. Great exhibition pink—a worthy variety in all respects. Fair propagator. (L-each \$1.00) (Bulblets Doz. \$1.00).

LOUVAIN. (Groff) Good rose pink on splendid spike. Often flakes, but not to the detriment from its beauty. Fair propagator. (L-3 for 25c. Doz. 85c) (M-Doz. 50c) (S-Doz. 25c).

LOYALTY. (Austin) Lovely clear yellow. Strong. Fairly good propagator. (L-each 50c) (M-each 25c) (Bulblets Doz. 30c).

MAGNA BLANCA. (Sal.) Clear white. Yellow throat. Tall and large. I like it. Good multiplier. (L-each \$2.50) (M-each \$1.50) (Bulblets Doz. \$1.00).

MAGNET. (Crow) Deepest yellow. Almost an orange tint. Very lovely, but often crooks. Good propagator. (L-each \$2.50) (M-each \$1.50) (S-each 75c) (Bulblets Doz. \$2.00).

MAMMOTH WHITE. (U. B. Co.) Just what the name implies. Huge florets on medium spike. Great variety. Good propagator. (L-each 75c) (M-each 50c. Doz. \$5.00) (S-each 30c. Doz. \$3.00) (Bulblets Doz. 75c).

MANDARIN. (Crow) Yellow and orange. Very Good spike with many florets open. A good one. (L-each \$4.00) (M-each \$2.50) (S-each \$1.50) (Bulblets Doz. \$2.50).

MARINA. (Kemp) Best low price commercial orange. Large florets—good spike. Heavy propagator. (L-5 for 25c. Doz. 50c) (M-Doz. 30c).

MARY FREY. (Gelsner) Fine early lavender. Willow spike. Good propagator. (L-3 for 25c. Doz. 85c) (M-Doz. 50c) (S-Doz. 25c).

MARY JANE. (K) Pink lavender. Nice cut flower. (L-2 for 30c. Doz. \$1.50) (M-3 for 25c. Doz. 75c) (S-Doz. 30c).

MARY VAN. (Kenyon) Lovely clear pink. Medium spike. (L-each 40c) (M-each 25c. Doz. \$2.50) (Bulblets Doz. 25c).

MAURICE FULD. (Gage) Huge rose pink florets. A good one. Fair propagator. (L-2 for 25c. Doz. \$1.25) (M-Doz. 75c).

MINUET. (Coleman) The lavender by which all others are judged. Superlative in its merits. Poor germinator. (L-2 for 25c. Doz. \$1.25) (M-4 for 25c. Doz. 80c).

MISS UNIVERSE. (K) Beautiful clear Tyran rose. Medium spike, but excellent flower. Several open at a time. I like it. Good propagator. (L-each \$1.00) (M-each 50c) (S-each 25c) (Bulblets Doz. 50c).

MOTHER MACHREE. (Stevens) The most beautiful smoky variety. Soft luminous lavender gray. Invariably I think of a sunset when I view this variety. This variety has been exhibited in fine form this season. Fair propagator. (L-each 60c) (M-each 35c) (S-20c) (Bulblets 12 for \$35c).

MRS. LEO E. MILLER (Miller) Unusual in substance, ruffling and blooming period. Not large nor many open. Beautiful clear color—salmon to a throat of gold. Extremely lovely, but not a rapid multiplier. (L-each \$10.00) (M-\$5.00) (S-each \$3.00) (Bulblets each \$1.00).

MRS. LEON DOUGLAS. (D) An old standby. Huge florets and spikes. Quite grand. (L-4 for 20c. Doz. 55c) (M-Doz. 30c).

MRS. P. W. SISSON. (Coleman) Rapidly becoming one of the leading light pinks. Among the most beautiful of all glads. Give her plenty of water and you will be rewarded. Tremendous propagator. (L-3 for 25c. Doz. 85c) (M-Doz. 60c) (S-Doz. 30c).

NANCY HANKS. (Salbach) Apricot and orange. Excellent texture and always straight. I find it very popular for cutting. Good propagator. (L-4 for 25c. Doz. 60c) (M-Doz. 35c).

OLIVE GOODRICH. (Goodrich) White with delicate pink edge. Nothing more lovely than this when it comes right. Occasionally streaks. Good propagator. (L-4 for 25c. Doz. 60c) (M-Doz. 35c).

ORCHID LADY. (Spencer) Huge lavender. Rather soft and often streaks, but for an early flower it's mighty well appreciated. Good propagator. (L-each 25c. Doz. \$2.50) (M-2 for 25c. Doz. \$1.00).

ORIFLAME. (Kemp) Light orange to yellow throat. Extremely beautiful. Good multiplier. (L-each 25c) (M-2 for 25c) (Bulblets 20 for 25c).

ORANGE WONDER. (Kemp) Very good orange. Much deeper than Oriflame. Fairly good propagator. (L-each 25c) (M-2 for 25c) (Bulblets 20 for 25c).

OSALIN. (Salbach) A lovely rich pink prim grand. Splendid grower and propagator. (L-3 for 30c. Doz. \$1.00) (M-Doz. 60c).

PERSIA. (N. B. Farms) Rich black red. The best cheap black. Good propagator. (L-4 for 25c. Doz. 60c).

PINK MARIE. (Ellis) A pink Marie Kundred. Nice form and color. Not particularly strong. Early. Good propagator. (L-4 for 25c. Doz. 60c) (M-Doz. 30c).

PICARDY. (Palmer) The outstanding glad of 1931, and perhaps of the past five years. Most beautiful clear soft pink, lovely form—tall spike—almost everything that goes to make up a worth while variety. Good propagator. (L-each \$10.00) (M-each \$6.00) (S-each \$3.50) (Bulblets each \$1.00).

POINT TWAIN. (Ellis) One of the most beautiful pinks; one which needs good care to be at its best. Clear soft color with pointed petals. (L-each \$2.00) (M-each \$1.25) (S-each 75c) (Bulblets \$1.50 Doz.)

PRIDE OF WANAKAH. (Chriswell) Very rich lavender rose with deeper throat. Very good florists variety. Blooms well from small bulbs. Tremendous propagator. (L-3 for 25c. Doz. 85c) (M-Doz. 50c) (S-15 for 25c).

PRIDE OF PORTLAND. (Ellis) Begonia rose with clear lighter throat. A very fine variety for any purpose. One of the outstanding bright colored varieties. Fair propagator. (L-Each 50c) (M-Each 30c. Doz. \$3.00) (Bulblets Doz. 25c).

PRIMATE. (Crow). An outstanding yellow prim grand. Excellent clear smooth substance—fine color—very tall. One of the most promising yellows after three seasons test. Heavy propagator. (L-2 for 30c. Doz. \$1.50) (M-3 for 25c. Doz. 85c) (S-Doz. 50c) (Bulblets 25 for 25c).

PURPLE CHALLENGE (K) Very nice clear purple. Somewhat on the order of Troubadour. I don't know which is better. Good propagator. (L-each \$1.00) (M-each 50c) (Bulblets Doz. 50c).

PURPLE QUEEN. (K) Another purple—older, but very good nevertheless. Ruffled. Nice spike for florists. Good multiplier. (L-3 for 25c. Doz. 85c) (M-Doz. 50c).

RAMESES. (Stevens). An outstanding variety. Very tall—straight spike. Large purple florets, purple, set well apart on the stalk. A supreme tall purple. Beautiful—outstanding slow propagator. (L-each \$6.00) (M-each \$4.00) (S-each \$2.50) (Bulblets 3 for \$1.00).

RED GLORY. (Piper-Ellis) A rich crimson sport of Purple Glory. Very good. Fair propagator. (L-each 25c. Doz. \$2.00) (M-Doz. \$1.00).

RESPLENDENT. (Kinyon). One of the best blotched varieties. Creamy rose with strong blotch in throat. Very heavily ruffled. Good increaser. (L-each 25c. Doz. \$2.50) (M-2 for 25c. Doz. \$1.25) (Bulblets 20 for 25c).

RIPPLING WATERS. (Ellis) Remarkably lovely cream. Large exhibition form. One of the most beautiful glads—and early too. Fair propagator. (L-each 50c) (Bulblets Doz. 25c).

ROSE TINT. (Neeley) Fairly good smoky. Fine flower, spike, and growth. Color seems a bit harsh, but probably because I don't generally care for smokies. Heavy propagating variety. (L-2 for 25c. Doz. \$1.25) (M-Doz. 75c) (S-Doz. 50c) (Bits. 35 for 20c)

SALBACH'S ORCHID. Lovely pink lavender. On the order of Minuet. Good flower and spike. Seems to increase better than Minuet. (L-each \$7.50) (M-each \$4.50) (S-each \$2.00) (Bulblets each \$1.00).

SALBACH'S PINK. (Salbach) Fine rose pink with deeper lines. I like this variety very much better than a first. Quite late. Good propagator. (L-each 50c) (M-each 25c) (S-2 for 25c) (Bulblets Doz. 25c).

SARABAND. (Salbach) Dark smoky bordeaux. Very rich color, and a variety with many good points. Heavy propagator. (L-2 for 25c. Doz. \$1.25) (M-Doz. 75c).

SEÑORITA. (Salbach) Rich orange and yellow. Unusual in form. Very fine variety and a good propagator. (M-each 20c) (S-2 for 25c. Doz. \$1.25) (Bulblets Doz. 20c).

SIGRED STEIN. (Carpenter) Creamy white on medium spike. Not outstanding in size, but very nice color and one of the earliest to bloom. I believe it would be worth while as a commercial variety if pushed. Good propagator. (L-each \$1.00) (M-each 50c) (Bulblets Doz. 60c).

SIR THOMAS LIPTON. (Salbach) Rose flaked steel blue. Tall spike and good sized flowers. A good variety. Fairly good propagator. (L-each 50c) (M-each 25c) (Bulblets 15 for 25c).

STAR OF THE SEA. (Ellis) Peach red with darker blotch. Very fine and quite early. Good propagator. (L-each 40c. Doz. \$4.00) (M-each 25c. Doz. \$2.50) (S-Doz. \$1.50) (Bulblets Doz. 25c).

STORM CLOUD. (Neeley) Rich purple. One of the best show flowers. I surely like it. Moderate propagator. (L-each \$2.50) (M-each 50c) (Bulblets \$2.50 per doz.).

SULTAN. (Crow) .Rosy red. One of the best in its class. The demand for this one is greater than the supply. Rather ordinary propagator. (L-each \$6.00) (M-each \$5.00) (Bulblets 60c each).

SUNSHINE GIRL. (Stevens) Clear geranium pink with yellow throat. Very early. Good height and size. Prolific. (L-each \$1.50) (M-each \$1.00. Doz. \$10.00) (S-each 50c. Doz. \$5.00) (Bulblets Doz. \$1.25).

THE WINTER KING. (Neeley) Beautiful tall white—heavily ruffled. Dark blotch. A lovely thing. Moderate propagator. (L-each \$2.50) (M-each \$1.50) (Bulblets Doz. \$2.50).

THOMAS EDISON. (K) Heavily ruffled dark red. Medium height and size, but lovely in form and color. Moderate propagator. (L-each \$1.50) (M-each \$1.00) (S-each 50c) (Bulblets Doz. \$1.50).

TOBERSUN. (Austin) An excellent rather late yellow. Has very slight throat markings. One of the coming yellows. Good multiplier. (L-each 50c) (M-each 25c. Doz. \$2.50) (S-Doz. \$1.50) (Bulblets 12 for 40c).

W. G. WELKER. (Gelser) Clear Begonia rose with darker throat. Large wide open florets on good spike. This variety has been unusually fine this year. Fairly good propagator. (L-each \$1.00) (M-each 60c. Doz. \$6.00) (S-each 35c. Doz. \$3.50) (Bulblets Doz. 75c).

WHITE KNIGHT. (Gelser) Lovely large sparkling clear white with neat throat markings. One of the loveliest blotched whites. An all around fine glad and a very good propagator. (L-each \$1.00) (M-each 60c) (S-each 35c) (Bulblets Doz. \$1.00).

WHITE ORCHID. (Bill) Large wide open orchid-like flowers on a good spike. I like this one very much. Early and an excellent propagator. (L-each 40c) (M-each 25c. Doz. \$2.50) (S-2 for 25c. Doz. \$1.25) (Bulbets Doz. 25c).

WYOMING. (Gelser) Soft yellow with lighter center. Has rose cast around the edge. So unusual that it's difficult to describe. I rather like it. Good propagator. (L-each 20c. Doz. \$2.00) (M-doz. \$1.00) (Bulbets 35 for 20c).

PRIMULINUS HYBRIDS

This lovely type is not nearly as much used as it should be. In many arrangements, it is infinitely more beautiful than the large flowered varieties. Dainty bowls, baskets and entire bouquets are most lovely with these airy blooms. With the exception of Aframe, none of these are large, but their grace and delicate colors give them a charm not found in any other flower. From a long list, I have selected these few as being the outstanding varieties in their colors.

ADA DE POY. (Sal) Bronzy yellow to clear throat. Tall, with many florets open. Excellent even tho it often crooks. (L-4 for 25c. Doz. 60c) (M-Doz. 30c).

AFLAME. (Hornberger) Huge begonia rose. Tall, large, and very outstanding. The largest of all prim grands, and probably Hornberger's best noted variety. (L-2 for 25c. Doz. \$1.25) (M-4 for 25c. Doz. 65c) (S-12 for 35c).

AMY BELLE. (Stephen). Very lovely rich yellow. Many perfectly placed florets open at a time. A basket of this would be superb. New and rare. (L-each \$1.00) (Bulbets Doz. 75c).

ANNIE LAURIE. (Brown) One of the sweetest of all glads. Fresh pink over white ground. Exceedingly lovely. (L-4 for 25c. Doz. 55c) (M-Doz. 25c).

APRICOT GLOW. (Palmer) Soft apricot on tall spike. Very good color. Tremendous propagator. (L-3 for 25c. Doz. 85c) (M-Doz. 50c) (S-Doz. 20c).

CARA MIA. (Miller) Rose pink on good spike. Early and very good. Not much hooded. (L-each 25c. Doz. \$2.00) (M-Doz. \$1.00) (S-Doz. 50c) (Bulbets 25 for 25c).

GOLDEN FRILLS. (K) Clear rich deep yellow with cerise feather in throat. Heavily ruffled. Exquisite. (L-4 for 25c. Doz. 60c) (M-Doz. 30c)

MANDARIN. (Decorah). Very clear orange, lighter in throat. Very tall, early and nice all around glad. (L-2 for 25c. Doz. \$1.25) (M-Doz. 60c)

MISS JOY. (Holmes). Exquisite soft pink to yellow throat. Very rich and clear. Fine florists' flower. (L-Each 25c. Doz. \$2.50) (M-2 for 25c. Doz. \$1.25) (S-Doz. 50c)

MRS. CALVIN COOLIDGE. (K). Slightly ruffled salmon, to yellow in throat. One of Kunder's best primis. Exceedingly refined. (Each 25c. Doz. \$2.50) (M-2 for 25c. Doz. \$1.25)

ORANGE QUEEN. (Holland). Light orange yellow. One of the best cut flower varieties. Large and good substance. (L-4 for 25c. Doz. 60c) (M-Doz. 25c)

PATRICIA CARTER. (K). Light shrimp pink Exquisite in combination with other colors. (L-2 for 25c. Doz. \$1.25) (M-Doz. 60c)

QUEEN OF BREMEN. (Zimmer). Different in color. Clear amaranth pink, almost a lilac. Prolific. (L-2 for 25c. Doz. \$1.25) (M-Doz. 50c) (S-Doz. 20c)

ROSE MIST. (Fischer). A most artistic variety. Large florets of a lovely crushed strawberry shade with buff line around the petals. (L-3 for 25c. Doz. 85c) (M-Doz. 50c)

SCARLET BEDDER. (Sal). Bright clear scarlet. No markings. Good. (L-3 for 25c. Doz. 85c) (M-Doz. 50c)

SUNSHINE GLOW. (Neeley). Flaming scarlet, yellow throat. One of the brightest glads in the garden. Exceedingly fine. (L-2 for 25c. Doz. \$1.25) (M-Doz. 50c) (S-Doz. 25c)

THE ORCHID. (Sprague). Popular 'different' type. Ruffled and lacinated. Orchid color. (L-3 for 25c. Doz. 85c) (M-Doz. 50c).

ZONA. (K). Salmon with unusual blotch, is early and very fine. (L-3 for 25c. Doz. 85c) (M-Doz. 50c)

FOREIGN

A. E. AMOS. (Mafr). Very good light lilac. I hadn't cared much for this variety before this season, but it has been pretty fine. Very good for propagation. (L-Each 50c. Doz \$5.00) (M-Each 25c. Doz. \$2.50) (S-2 for 25c. Doz. \$1.25) (Bulbets Doz. 35c. 100 for \$2.00)

AIDA. (Pfitzer). Dark purple. Early—vigorous and a mighty fine variety. Generally a very good propagator. (L-Each 25c. Doz. \$2.25) (M-2 for 20c. Doz. \$1.00) (Bulbets 20 for 25c)

ALBATROSS. (Pfitzer) Glorious pure white. Probably the tallest good white. Strong. Prolific. (L-Each 50c. Doz. \$5.00) (M-Each 25c. Doz. \$2.50) (Bulbets 12 for 40c)

DAHLIAS

What a fitting climax to the floral season! Giant shaggy bronzes; perfectly formed whites and yellows—every color it seems and so many types, from the diminutive pompons to the giant informal decoratives.

These are not priced because we do little shipping on dahlias until the spring. However,
